THE RACETRACK.

### A FLATTERING ATTENDANCE AND A FAIR CARD AT AQUEDUCT.

Thomas Reiliy wore a capacious smile yesterday. The attendance at Aqueduct was flattering, the card was a fair one, and everything worked smoothly except the starting machine. Starter Pettengill, however, managed to give prompt starts in every race, so that the spectators had ample time to reach home in season for dinner. Henry Martin, the Western jockey, arrived in this city and will ride until the close of the meeting, when he will return to California. David Gideon was at Holmdel yesterday to see the trials of the Holm-

As exclusively stated in The Tribune, John Huggins will train for Lord William Beresford next gins will train for Lord William Beresford next year, and has engaged Heath House, at Newmarket, for that purpose, James T. Sloan has been engaged to ride for him.

The racine was interesting, especially the contest between Swiftness, Kinnikinic and Warrenton, who mished heads apart in the third race, a dash of about seven furlongs. The time was 1:24%, but is not a record, as there is no specified distance for the race.

Brass won the last contest by several lengths, with o'Leary in the saddle, to the intense joy of his backers, many of whom lost heavily on the soft in the race at Morris Park, when he was riddens in the most peculiar and unsatisfactory style by Spencer.

by Spencer.
Nana H., who was ridden by Doggett, was the favorite for the fifth race, but was never a factor in the contest, which was won rather easily by Knight of the Garter. Tanis was second. The latter had a stormy passage and made up at least ten lengths in the homestretch. Tinge was third. The contests for to-day promise entertaining aport, as every race has a liberal entry. The racing begins at 2 o'clock

A CROSS-COUNTRY RIDE TO HOUNDS ON LONG ISLAND.

Bright, sunny skies, the most perfect autumn weather and the prospect of participating in a most interesting and exciting cross-country run brought out a large number of cross-country riders at the stiff nine-mile drag hunt that was held on the north side of Long Island yesterday afternoon by the Hunt Club. The run from the time the pack was first on the trail until it was called off at was first on the huntsman's horn was far more like a steeplechase than a cross-country ride to hounds. The meet took place at the Queens County Fair Grounds at 3 o'clock. The pack took the trail on the outskirts of Mineola, and then ran for some miles in a northerly direction and over the Wheatley Hills to Old Westbury, and then across the country-sears of Clarence U. ANNUAL MEETING OF THE MEADOW BROOK STEEPLECHASE ASSOCIATION.

The annual autumn meeting of the Meadow Brook Steeplechase Association will be held on Tuesday, November 8, at the country seat of Will-Whitney, former Secretary of the Navy, on the Wheatley Hills, and from present indications the meet promises to be one of the most interest-ing that has ever been held on Long Island by this well-known hunt colony. All the contests will be held over a flagged course of natural hunting country, which is the most picturesque to be found on this side of the Atlantic. The start and finish of all the different contests will take place from a large hill in the centre of Mr. Whitney's catate. The view from this point of vantage is superb. Almost every part of the course can be seen by the spectater without moving from one position.

The committee in charge of the meeting are C. Albert Stevens, R. N. Ellis, Robert Stevens, Sidney Dillon Ripley, Sydney Paget and Harry S.
Poge. With the exception of one race the contests
are epen to gentlemen riders only. Overweight to
any amount will be allowed if declared thirty minutes before the race. The first race will be called

## The Wanamater Store The Inside of a Home

THE outside of a home is a matter between your purse, your architect, your landlord and your locality. It is seldom within one's absolute control. The inside of a home is a matter largely of taste and textiles. Most women, -and a few men, -know that interior decoration is a matter more of taste than of money.

Beautiful interiors are easy to the unlimited purse, but by no means confined to it. If the home-maker is given wide possibilities in matters of choice, it compensates for limited possibilities in matters of expense, and this is the more marked when the energy of such a store as this is devoted to the cheapening of prices. Given these resources, the artistic eye and the quick judgment of effect will make the bare rooms blossom and glow at a surprisingly small cost.

It is precisely these resources that such a stock of decorative matters as is shown on our third floor supplies. We aim to give unlimited choice, not only in price, but in color

And we are constantly on the lookout for the new things. Note the new Crepe and Crete curtains, the new sash-curtain stuffs, the never-ceasing stream of lace-curtain and portiere values.
